

Question 1.

Original. As dori sa aflu de la Dumneavoastra daca o companie poate inainta 2 sau mai multe aplicatii pentru acest proiect. Respectiv o aplicatie cu un consortiu pentru unul dintre cele 3 loturi si cu o alta companie pentru toate cele 3 loturi impreuna.

Translation. We would like to be informed if a company wishes to submit 2 or more proposals for this project - one proposal in association for one of the 3 lots and with other company for 3 lots altogether.

Answer 1.

This situation should be governed by the Clause 1.11 of the Instructions to Consultants to be distributed to the shortlisted consultants, which provides:

“1.11 Only one Proposal. Shortlisted Consultants may only submit one proposal. If a Consultant submits or participates in more than one proposal, such proposals shall be disqualified. However, this does not limit the participation of the same Sub-Consultant, including individual experts, to more than one proposal.”

Thus, the answer to your question depends on the status of your company. If you intend to submit your proposal as a Sub-consultant, you could participate in unlimited number of proposals.

However, if you would like to submit proposal on your company behalf as a leading consultant or as a member of consortia, you could do it only once for any one lot.
