

CONTRACT AWARD NOTICE

Project Name: **Road Sector Program Support Project**

Country: **Republic of Moldova**

Project Number: **094952**

Bid/Contract Reference No:

Contract RSPSP/W2/05: "Rehabilitation of R14 Bălți-Sărăteni km 38+300 – km 43+000"

Scope of Contract:

The principal element of the Works comprises the overlaying of the existing asphalt pavement on the R14 Balti-Sarateni road, starting at Km 38+300 - Km 43+000. This road has sections of three (0.205 kilometres) and two lane (4.495 kilometres) width construction.

Overlay thicknesses vary from nominal overlay of 40mm up to heavy overlay of 60mm. Where the design overlay thickness exceeds 60 mm (i.e. 80mm and above) it is envisaged that the overlay will be placed in two or more layers comprising binder course(s) and a wearing course. Total area of overlay for this contract of the Balti-Sarateni section is estimated at 39 000 sq.m. and total tonnage of overlay material at 5 000 tons with an additional 4 200 tons of regulating being required.

Structural works comprise remedial works to a total of 3 bridges and a number of minor structures. Bridgeworks include repairs to sidewalks, to embankment protection, minor repairs and modifications to infrastructures and bridge decks, waterproofing and expansion joints to existing bridge decks and various minor remedial works.

On the contract road section a re-construction of a 440 meters long embankment will be required for which a diversion road with the total length of 1.022 km will be constructed. For the rest of the road section no diversion roads are foreseen and it is expected that the Contractor will execute the works by using half- or partial-width working.

Duration of Contract: 12 months

Evaluation Currency: MDL

Awarded Bidder(s)

Name: Ezentis Infraestructuras S.A. (Spain)

Address: Parque Tecnológico, C/Narciso Monturiol y Estarriol, 7-9, 46980, Paterna(Valencia), Spain
